BCAA/AIR/10/13/529

30 December 2022

Advisory Circular

Subject: Implementation of Safety Management System (SMS) in CAMO & AMO

1. Purpose

This advisory circular (AC) is issued to inform all the CAMO and AMO approval holders that SMS requirements in BCAR-M and BCAR-145 shall become effective from 01 January 2023.

2. Background

The SMS requirement in CAMO and AMO environments already came a long time ago. However, it was deferred due to the alignment of our regulation with SARI, thus the office could not implement the SMS requirements in BCAR-M and BCAR-145 on time.

3. Guidance and information

With the implementation of SSP and amendment of BCAR-M & BCAR-145, the SMS requirement in CAMO and AMO shall be implemented accordingly. Also, refer to BCAA advisory circular ref: *BCAA/AIR/10/13/233* dated *30 April 2020*.

Therefore, all the concerned CAMO and AMO approval holders are requested to comply with the SMS requirement by 31 March 2023 (3 months period) and change those manuals affected by it. SMS audit shall be conducted thereafter.

3. Request for information

The Airworthiness section has developed this AC, for details concerning the AC, contact,

Airworthiness Section
Bhutan Civil Aviation Authority
Paro Airport.

(Kinley Wangchuk)
Director
